

STATUTORY PROPOSAL

Introductory Information

School Details

This is a proposal to acquire foundation status and join a partnership of schools by acquiring a trust, known as United Schools' Learning Partnership. The schools making this proposal are:

Copplestone Primary School which is a community school located at Bewsley Hill, Copplestone, Crediton, Devon, EX17 5NX.

Filleigh Community Primary School which is a community school located at Castle Hill, Filleigh, Barnstaple, Devon, EX32 0RS.

Spreyton Primary School which is a community school located at Spreyton, Crediton, Devon, EX17 5AJ

which are community schools.

Proposed Implementation Date

1 February 2018.

Prescribed Alteration

Notice is given in accordance with section 19(3) of the Education and Inspections Act 2006 that the Governing Board of Devon Moors Federation (DMF) intends to make a prescribed alteration to Copplestone Primary School, Filleigh Primary School and Spreyton Primary School to change status from community to foundation status and to acquire a trust established otherwise than under the School Standards and Framework Act 1998.

Name of the Trust

The name of the trust that the Governors intend to acquire from 1 February 2018 is the United Schools' Learning Partnership.

Consultation

The consultation documents were distributed to stakeholders on 30 October 2017. These included an information leaflet which set out briefly the implications of the proposed change of category and the proposal to acquire (join) a local mutual co-operative school trust, as well as the reasons why the Governing Board are proposing it. They also sought to answer some of the more common questions. The leaflet also included dates, times and venues of separate consultation meetings for parents/carers, staff, and other stake-holders.

Learners will be consulted via School Councils, assemblies and a range of other

internal school mechanisms.

An accompanying letter referred stakeholders to a much more comprehensive and in-depth consultation document (known as 'Booklet One') This can be obtained from the schools via our websites: www.copplestone-primary.devon.sch.uk www.filleigh-primary.devon.sch.uk or www.spreyton-primary.devon.sch.uk or in paper copy from school offices. Similarly available, is a detailed Questions and Answers document ('Booklet Two'.)

A key part of the initial consultation process involves gathering stakeholder views and feedback. Also included with the documentation sent out was a consultation questionnaire. This can be completed and returned to the school office.

Objections or comments

Within four weeks from the date of publication of these proposals - **by noon on Friday 1 December 2017** - any person may object to or make comments on the proposal by writing to the school at the address above or by e-mail to admin@copplestone-primary.devon.sch.uk admin@filleigh-primary.devon.sch.uk or admin@spreyton-primary.devon.sch.uk

Acquiring a Trust

The Devon Moors Federation Governing Board believe that Copplestone's, Filleigh's and Spreyton's acquisition of the trust as its legal foundation, will provide opportunities to improve learning in our community.

The rationale for acquiring the foundation is that it will allow us to work closely with a group of like-minded schools to improve opportunities and standards for all the children within our Federation. As a Church of England School, Chittlehampton Primary School already has foundation status, but as part of the Devon Moors Federation the school will continue to work closely with all partners and will be included in working with the USF and Kingsteignton School to benefit from the opportunities offered. With the dissolution of Local Learning Communities we need to form partnerships that are based on raising standards, are not limited by geography and maximise opportunities in the ever increasing financial restrictions being placed on schools. Forming a trust between all the schools will allow for greater co-operation, sharing of expertise and resources, continued cross-school improvement work and will allow other schools, who are willing to uphold the co-operative principles, to join.

Copplestone Primary School, Filleigh Primary School and Spreyton Primary School will have a foundation established otherwise than under the SSFA 1998.

The Trust already acts as a foundation for Ipplepen Primary School.

Vision and Values

The United Schools' Learning Partnership helps to formalise existing local working relationships and ensures that relationships survive changes of

personnel for the benefit of all schools in the local area who may join the trust in the future.

The main aims of the Trust are to:

- Further improve outcomes for all our learners in all our schools with a strengthened focus on school-to-school self-improvement;
- Support each school to become - and then remain - 'Outstanding';
- Strengthen our ability to work collaboratively and co-operatively to enable our schools to grow, develop and improve together;
- Formalise and further develop arrangements already in place for joint working;
- Develop further the skills and expertise of staff across the schools;
- Further share resources and skills across the schools;
- Further increase levels of aspiration across our school communities thereby impacting positively upon standards.

Our vision is to use the strength of the Trust to build on, and strengthen what our federation and informal partnership working has already achieved. To create a learning community which seeks to improve teaching and learning further, to raise enjoyment, achievement and aspirations for all and to ensure children and their families are supported.

Acquiring a shared Trust will help us to clarify our vision and aims, continue to raise expectations and standards across our area, and make our existing collaboration and associated school improvement strategies more sustainable. We believe that to meet the needs of our communities we need to work together as a community. We know that we can achieve more by working together than we can by working alone. A shared Trust would help to make that belief a reality.

As a co-operative trust, the Trust has adopted the values and principles of the Co-operative Movement. Co-operatives are based on the values of self-help, self-responsibility, democracy, equality, equity and solidarity. The values of the Trust are underpinned by the principles of equality, inclusion and commitment to support the well-being of every child and their family in our schools. In the tradition of their founders, co-operative members believe in the values of honesty, openness, social responsibility and caring for others.

We have considered a variety of school structures, including academies, but feel that this model best meets our context, needs and values.

Trust Structure and relationship between Trust and School

The Devon Moors Federation would appoint two trustees of the Trust. The USLP is in the process of appointing four trustees from the United Schools Federation, two from Kingsteignton School and one from the co-operative movement.

The federation proposes that its trustees will be the Executive Headteacher and the Chair of Governors (or the Chair's nominee).

The Trust performs in the most effective and democratic manner and operates in accordance with the co-operative values of self-help, self-responsibility, democracy, equality, equity and solidarity. The co-operative model provides a level of community engagement and participation that is essential if the adoption of trust school status is going to achieve the federation's vision for education in the community; it will assist in the promotion of community cohesion.

All parents/carers and learners attending a Trust school are eligible to become members of the Trust. This is also true of all members of staff employed by Trust schools and members of a range of community organisations supporting the work of the Trust. Family members of our pupils and past pupils as well as individuals living or working locally who identify with what the trust is seeking to achieve, can also join the Trust.

Trust Forum

It is proposed to establish a Trust Forum whose members, including parents, staff, learners and representatives of the community – both organisations and individuals – are elected from the respective membership constituency. The purpose of the Trust Forum will be to hold the Trust to account, to help shape policies and to appoint a minority of trustees. The Trust Forum will discuss issues affecting the Trust, make recommendations to the Trustees, and appoint Trustees.

Accordingly, membership of the Trust would be open to anyone approved by the Trustees who is willing to be bound by the provisions of the Trust's constitution and who is eligible for membership of any one of the following five membership constituencies:

- learners attending the schools
- parents and carers of those attending the schools
- staff working at the schools
- members of the local school communities, including the families of pupils.
- local community organisations as appropriate to the schools.

There is also an option whereby the Trust can have an additional membership constituency, namely an *alumni* constituency, being drawn from past pupils.

The first members of the Trust Forum will be appointed by the Trustees. This is because it is very difficult to get the trust Forum into place until after the Trust is properly up and running. At the Trust's first AGM, the Trustee-appointed members of the Trust Forum step down and are replaced with members elected by the Trust's members if a wider membership has been developed.

The involvement of the partner in this project in no way prejudices its

relationships with other education providers.

Trust's input into School's governance

The Trust will appoint a minority of governors (two) to the Devon Moors Federation Governing Board of the schools as defined in Appendix 1 which also shows the proposed constitution.

Trust's charitable purpose and legal status

The Trust's charitable objectives are to advance the education of the learners in the United Schools' Learning Partnership with a remit to advance the education of other members of the community and otherwise to benefit the community - it being acknowledged that in carrying out the objects the Trust must (where applicable) have regard to its obligation to promote community cohesion under the Education Acts.

The Trust acts as a Foundation for Ipplepen Primary School at present.

The Trust will influence the future of the schools, partner schools and any other local schools joining the Trust in the future by developing membership of the Trust which will make a difference to learners, staff, the schools themselves and to the local community. It is expected that Trust membership will increase in future years and that the benefits will become available to a larger number of participants.

By developing an ethos of co-operation and local democracy, the Trust is inclusive, community focused and centred on working with its partners and other organisations to raise levels of achievement and aspiration for all learners and their families.

The Trust promotes the well-being, care and education of the Trust's learners by developing sustainable, successful partnerships throughout the Trust in a wide range of activities designed and tailored to raise aspirations and make meaningful contributions to every learner's development including the school improvement process.

The Trust seeks to further raise achievement and aspirations by developing throughout the Trust a strong, collaborative approach including opportunities for joint training, CPD, cross curriculum projects, shared resources, shared coaching, mentoring and evaluation.

The Trust will promote high quality learning for all by working with Trust partners and with all in the Trust to enhance and secure a wide range of opportunities for children, young people and their families both in and out of school hours. Our Trust partners will work with us to provide enhanced family learning and enable us to access resources and expertise which can make these activities sustainable.

The Trust will enable everyone to work together to best provide an improved level of support for families and to enable all our children and young people to play a full part in developing activities within the community. By drawing together planned,

coherent and sustainable, and equitably shared development, it will utilise all of the many elements of community to the advantage of all.

The Trust will promote innovation and improvement by collaborating with others to commission services for the benefit of Trust members, and by being commissioned to deliver programmes and promote new approaches to improving school performance.

The Trust will contribute to the advancement of education and raise standards through the creation of a platform for on-going improvement. The resources and expertise brought to the Trust by the partners will strengthen strategic leadership, increase support, and challenge and consolidate effective monitoring, thereby bringing about rapid improvement in outcomes for students.

Devon Moors Federation already works with other local schools. This work will continue so that the entire local area, and not just the schools acquiring the Trust, will offer community cohesion and development for our local communities and will contribute to the diversity of educational provision in the area.

Decision as to Implementation

After carefully considering all responses to these proposals, the Governing Board will decide whether it wishes to acquire the Trust.
